

*Infinity*TM481

DIRECT NASAL MASK

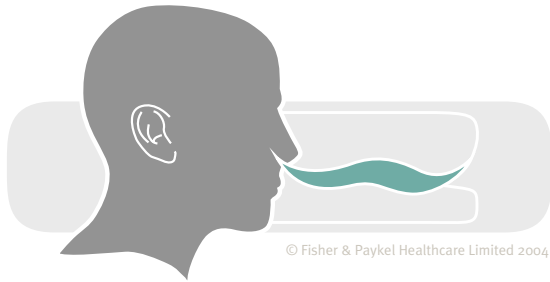

Specification Sheet

A Direct Nasal Delivery Mask

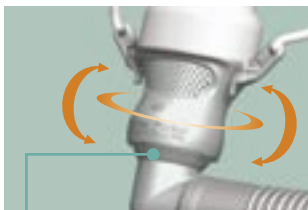

Smaller and lighter than all other masks to offer the patient total sleeping freedom. The InfinityTM 481 differs from other over-the-nose nasal masks by delivering pressure directly into the nasal passages via an anatomically shaped Silicone Seal direct to each nostril.

Direct Nasal Delivery - *Infinity™ 481*

The Infinity™ 481 Direct Nasal is smaller and lighter with a ball-and-socket-styled joint allowing infinite movement for comfort. This freedom of movement, combined with minimalist Microgear™ Headgear, provides for unprecedented comfort and ease of use. The Infinity™ 481 Direct Nasal comes as an Out-of-Box Solution fully assembled and ready for use.

UNIQUE MASK FEATURES FOR GREATER FREEDOM, COMFORT AND COMPLIANCE

Anatomically Designed Mask Base

This ball-and-socket-styled joint allows the user to select the Flexitube position - providing greater freedom to choose any sleeping position.

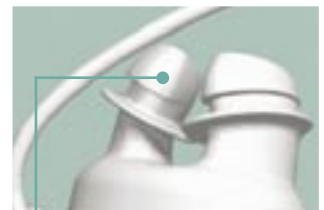

Microgear™ Headgear Minimal intrusion

Virtually 'strap free', this is the most minimal headgear in the range. Microgear™ Headgear holds the mask securely in place with a minimal presence and all the holding advantages of full headgear.

Efficient Bias Diffuser Quiet usage

Maintenance Free
This advanced air diffuser system prevents air from blowing onto the sleeping partner and decreases noise that could potentially disrupt sleep.

Contoured Silicone Seal Comfortable seal

Anatomically shaped to the nostril to provide comfort and a superb seal. A range of sizes are included, with a sizing guide.

Premium Frosted Silicone Seal Optimizing seal technology

This seal technology has a soft, smooth feel to slide easily into position and its frosted texture optimizes the mask seal.

CONTENTS

- Complete mask with headgear assembled and ready for use
- Sizing Guide to help select the correct sized Silicone Seal
- Four sizes of Silicone Seal included (XS,S,M,L)
- User friendly Fitting Guide
